Where you are unsure of the company name, please indicate this and give as much detail as possible to facilitate our search for the record/s concerned. The requester should also indicate which form of access is required and indicate if he or she wishes to be informed in any other manner and state the necessary particulars to be so informed.

The requester must identify the right that he or she is seeking to exercise or protect and provide an explanation of why the requested record is required for the exercise or protection of that right.

The standard form that must be used for the making of requests is attached as Annexure 2. Not using this form could cause your request to be refused (if you do not provide sufficient information or otherwise) or delayed.

Annexures 2 and 3 are included in copies of this Manual available on the **Murray & Roberts Group** website and head office but need not and are not included in the copy of this Manual delivered to the SAHRC.
