Murray & Roberts is pleased to announce that Clough USA Inc. (“Clough USA”) has been awarded a US\$620 million petrochemical engineering, procurement and construction (“EPC”) project in the USA.

This multi-year project signifies Clough USA’s first major contract award and underlines the successful establishment of Clough in North America. Clough USA is a wholly owned subsidiary of Murray & Roberts and was established earlier this year, when Murray & Roberts acquired Saulsbury Industries’ Gulf Coast downstream EPC business.

Clough USA has secured a limited notice to proceed and should receive the full notice to proceed by October 2019.
